Qualification Overview *	<p>The qualification encompasses an initial two years full-time academic study in the broad Business disciplines at NQF levels 6 and 7, followed by two years full-time academic study of specialist study at NQF levels 7 and 8. The intention is to build up core knowledge in a range of areas including Marketing, Accounting, Finance, Quantitative Techniques, Research Methods, Economics, Management, Information Systems and Business Law; to develop general academic capacity, introduce sociological and ethical issues in business, and prepare for a chosen specialist field of study. The specialist area of study in Human Resource Management (HRM) runs over the final two years and comprises courses that are designed to develop students' abilities to think and operate strategically within the HRM arena. In the final year, this knowledge is consolidated in the form of the capstone industry project where students operate in a fully authentic setting as professionals on a current HRM issue that a partner company is dealing with. The industry project requires the learners to develop solutions towards authentic business needs underpinned by general and specialist theoretical argumentation.</p>												
Qualification Aim *	<p>The overall aim of the Bachelor of Business in HRM is to develop broad-based business graduates with specialist knowledge and skills at the international forefront of Human Resource Management that meet the requirements of the Bahrain and the wider GCC region. This aim is congruent with the human capital development aspirations outlined in Economic Vision 2030.</p>												
	<p>In Bahrain the majority of employment opportunities for HRM graduates will come from the private sector, parts of the semi-government sector undergoing transformation as well as SME's and family businesses who are 'corporatising' their business models. A 2014 law change that requires any company with over fifty employees to have a Bahraini HR staff member will create demand for graduates. Dr Jarmo Kotilaine, Bahrain Economic Development Board highlighted the scale of the market in Saudi Arabia and the range of opportunities the Eastern Province offers for graduates willing to move or commute.</p> <p>Diagram 2.6A provides for essentially two progression opportunities for graduates – into employment or into post-graduate study.</p> <table border="1" data-bbox="459 882 1310 1497"> <tr> <td data-bbox="504 882 920 978">Postgraduate Study</td><td data-bbox="920 882 1310 978">Employment</td></tr> <tr> <td data-bbox="504 978 920 1082">▲</td><td data-bbox="920 978 1310 1082">▲</td></tr> <tr> <td colspan="2" data-bbox="504 1082 1310 1185">Bachelor of Business (HRM) Major, Years 3 and 4</td></tr> <tr> <td data-bbox="504 1185 920 1289">▲</td><td data-bbox="920 1185 1310 1289"></td></tr> <tr> <td colspan="2" data-bbox="504 1289 1310 1393">Bachelor of Business, Years 1 and 2</td></tr> <tr> <td data-bbox="504 1393 920 1497"></td><td data-bbox="920 1393 1310 1497"></td></tr> </table>	Postgraduate Study	Employment	▲	▲	Bachelor of Business (HRM) Major, Years 3 and 4		▲		Bachelor of Business, Years 1 and 2
